Monologue

There are three restaurants near our school. Of all the three, Green Hotel has the best food and the friendliest service. Most of us go there only once a week, because its food is the most expensive. The food in Noodle Restaurant is a little cheaper than that in Green Hotel, but it has the worst service, and the food there isn't good enough. As for Meishan Restaurant, its food is the cheapest and it has better service. However, it has the worst food of the three restaurants.

C)请听下面一段独白,根据独白内容完成下列句子,每个空格不超过3个单词。听独白前你将有50秒钟的时间阅读句子内容。独白读两遍。

Daniel is 15 years old. He lives in New York. He likes watching *Sports News* because he likes sports. He often plays basketball after school with his friends. He also likes *Home Cooking* a lot. He hopes he can help his grandmother do some cooking. Jason is Daniel's pen pal. He is 14 years old and lives in China. He doesn't mind *Sports News*, but he can't stand *Home Cooking*. He loves something relaxing and enjoyable like Beijing Opera. He goes to watch Beijing Opera with his family three times a month.
